

Spectator Viewing Information

The race site is an excellent place to view the race! Besides the exciting start and finish, the participants will come back by the race site along 56th Street at 4.5 miles! If you are watching the Full Marathon, you can walk 5 blocks North on Post Road to 59th Street and watch your runner go into the State Park at 12.5 miles. If you want to drive ... the next place to go is west down 56th Street just under 4 miles to Fall Creek Parkway (just before you get to Emerson Avenue). There is parking south of 56th Street in this area. **NOTE FOR THOSE WATCHING VERY FAST RUNNERS: West bound 56th Street will be closed until approximately 10:15am.** Participants will be going Under 56th Street and Emerson Avenues on the bike path! There is an aid station there, and a CVS right around the corner where you can get snacks while you wait. From this location you can watch your runners going out near mile 17, then coming back near mile 21. This will allow you plenty of time to get back to the finish line to watch your runner finish!
