

2014 – Starting Corral Location

Start Line Set-up Notes:

1. East: put 3 posts at 31 feet, then 4th at 4 feet. Repeat.
2. West: put posts at 32.

Notes:

1. 3 volunteers at each corral, one on each side at the entrances & one in the middle.
2. Entrances will be in the back of the corrals.
3. Volunteers use pennant flagging to separate corrals. Volunteers walk toward start line as each wave goes off. Vols release flagging when their corral's wave goes off.
4. Volunteers for corrals A and B need to create corrals J and K for 5K after their waves go off.
