

**12th Annual
Indianapolis Marathon and Half Marathon
October 20, 2007**

Note from the Race Director

We have been getting a lot of calls and emails asking if we have switched the date of our event and the answer is **absolutely NOT!** Unfortunately, you the participants and we the race organizers are being affected by the confusing fallout of a new event (taking a name very similar to ours) that has switched its event date just two weeks before their scheduled event. I can assure you that the 12th Annual Indianapolis Marathon and Half Marathon is as strong and committed as ever to bringing you an outstanding event, as scheduled, on October 20, 2007. Please help us clear up the confusion and tell your friends!

Sincerely,
Joel Sauer

Registration up 89%

The registration for 2007 Indianapolis Marathon and Half Marathon is still on a record pace this year, currently up 89% over last year. We have participants coming in from 31 states and 5 countries including Mexico, England, Canada, and Switzerland. One interesting fact that we put in the past newsletters was that registration battle of the sexes - male vs. female. We told you we would update you again about who was winning the battle and the males still maintain a commanding lead of 3! Can the females take the lead back only time will tell!
